WOULD STILL KEEP GUILLOTINE BUSY.

Paris, Sept. 15.—Extraordinary popular demonstrations have been made here against the abolishment of the guillotine, and capital punishment by means of it, following the commutation of the sentence of a murderer and a rapist.

The guillotine consists of a heavy knife running in guides, the dropping of which will sever the head from the body. It is used for the decapitation of murderers and rapists. It is claimed the terror of this death-dealing machine is far greater than that inspired by hanging or the electric chair.

RADICAL RAILROAD POLICY FOR KNAPP.

Chicago, Sept. 15.—M. A. Knapp, chairman of the Interstate Commerce Commission, in an address before a number of leading railroad officials here yesterday, denounced the workings of the Sherman anti-trust law as mischievous. He advocated legislation which would allow of the combination of railroads and the co-operation of the various systems and which would place the legislative control of all railroads at one common center.

FANATIC MOORS ASK FOR PEACE.

Gibraltar, Sept. 15.—The departure of the Spanish brigade which had been ordered to Morocco to reinforce the troops of the allies at the front has been countermanded. The victory of the allies over the Moors on Thursday, and the request of many of the tribesmen for peace is considered sufficient to show that further troops will not be required.

City Dads Prepare To Oust Brown

A. M. Brown appeared in the police court this morning as the official prosecutor of the County, showing that the appointment of him as assistant County Attorney had been made, and that he must be ousted by the County fathers, in case they do not want him to fill that position. The four supervisors who are lined up against this appointment, have not changed their minds. Those backing Brown claim that they have secured the votes of Cox, Keoloha and Dwight, but this seems hardly probable, at least not in the case of Cox and Dwight. Cox was seen today but as usual he had nothing to say.

The supervisors who compose the opposition have been delving into the County Act to find out their legal standing in the matter. They have landed on the section which states that the County officers may, with the approval of the Board of Supervisors, appoint a deputy. They believe that as the section specifies only "a" deputy, it is up to them to make the appointment of the police court prosecutor, as there is already one deputy in the County Attorney's office, namely Clarence Olson. Hustace stated today that he was having this point looked into by an attorney.

ASSAULT ON COLLECTOR

Colin Campbell, the rising young attorney was this morning arrested on a warrant sworn to by one F. B. Freitas charging him with assault and battery. It appeared that Freitas, who is a collector, in his efforts to collect a bill due from one of Campbell's clients, used methods which were not quite according to Hoyle. Campbell resented this and caught him by the shoulder, but this was the entire extent of the assault. There was no attempt to evade payment of the bill, which has, as a matter of act, been made. The police allowed Campbell his freedom on his own recognizance.
